

**When did a couple bottles of this and  
a couple boxes of that suddenly become  
a storeroom full of waste**

**...and a major headache?**

Packing into DOT Drums

Classifying & Sorting

Affixing Proper Shipping Labels

Packed & Ready for Transport

## **Getting Rid of Your Hazardous Materials**

*Our personnel are trained and certified in handling:*

- outdated manufacturing chemicals
- laboratory chemical waste
- electronic waste
- universal waste
- outdated product
- contaminated equipment

## **Safe Handling, Transport & Disposal**

*We take care of all the details as we:*

- characterize waste for proper handling
- profile waste to determine disposal site options
- package waste into DOT-approved containers
- label, mark and manifest containers for proper shipping
- transport to disposal or recycling sites

## **Total Turn-Key Project Management**

We handle the project from beginning to end and then provide you with a **certificate of proper disposal.**

## **Why Should You Use OUR Services?**

- We've been doing this for over 30 years and we're really good at it.
- We periodically audit disposal / recycling sites to ensure compliance.
- We work hard to give you the best service at the most reasonable cost.
- We are highly trained and certified in Haz Mat handling.
- We limit your liability through proper handling, disposal & documentation.

**Call us** for a no-obligation quote and we'll show you how to get rid of your waste...and your headaches.
