

Waste Management Compliance Services

Proper waste management

is much more than just having someone pick up your waste and take it away.

Companies throughout the Midwest turn to **RCRA ADVANTAGE** for total waste management compliance services.

Here's why:

With an ultimate goal of total regulatory compliance for your company, we not only provide economical and environmentally secure disposal services, we also provide assistance in a full range of compliance requirements including: training, handling & storage, and recordkeeping.

With one call to **RCRA ADVANTAGE**, you can have our regulatory specialist at your site, if needed, that day.

The bottom line:

RCRA ADVANTAGE will reduce your cost, your liability, and, ultimately, your waste generation.

**Hazardous & Non-Hazardous Waste
Industrial Waste • Universal Waste
e-waste • Light Bulbs • Batteries • Ballasts**
